Andrew "Ender" Wiggin is 6 years old, bullied, resented and alone. And he might be humanity's only hope. His promise is high, and his teachers are sure he will rise to the test - if Battle School doesn't kill him first! As young Ender rises through the ranks, he struggles to find tranquility, humanity and a connection with something greater than the brutal mechanics of war and strategy. But when he is thrust into Command School at a vastly accelerated pace, will he crack up on the road to becoming the hero that the human race so desperately needs?
