MasteringGeology with Pearson eText -- Standalone Access Card -- for Earth: An Introduction to Physical Geology (10th Edition) Edward J. Tarbuck, Frederick K. Lutgens, Dennis G. Tasa

With its strong focus on readability and illustrations, this trusted best seller makes an often-complex subject more accessible for readers like you. It offers a meaningful, non-technical survey that is informative and up-to-date for learning basic principles and concepts. For the **Tenth Edition**, the text's design and figures have been updated, and the chapter on climate change has been revised significantly.

Used by over a million science students, the **Mastering** platform is the most effective and widely used online tutorial, homework, and assessment system for the sciences. This is the product access code card for MasteringGeology™ and does not include the actual bound book.

Pearson eText gives students access to the text whenever and wherever they can access the Internet. The eText pages look exactly like the printed text, and include powerful interactive and customization functions. This does not include the actual bound book.
