Lovegame Tracy Wolff

Hailed by J. Kenner as an author who “knows how to steam up the pages,” Tracy Wolff delivers a darkly addictive novel of seduction and psychological obsession. The stakes are high in *Lovegame*, when a movie star with a shattered past meets a man who can either break her or make her whole.

True Crime novelist Ian Sharpe has spent his career writing about serial killers for very personal reasons. For his latest exposé, he is taking on the sadistic madman known as the Red Ribbon Strangler, and when his research leads him to Hollywood’s most private and provocative actress, he will break every rule to uncover her truth.

The daughter of one of Hollywood’s golden couples, chased by paparazzi and treated as a commodity her entire life, Veronica Romero wields her sex appeal like a weapon. She expects Ian to be as easy to control as every other man she’s ever known. But from the beginning, he refuses to fall into line. Mysterious and cool, challenging and just a little bit dangerous, Ian somehow makes her feel safe—even as he digs into the deepest secrets of her life and pushes her to the breaking point.

As raw ecstasy gives way to agonized truths, their dark obsession exposes secrets that have been buried for far too long. Ian wants to tear down her walls and heal the sensual woman underneath. But if Veronica’s learned anything, it’s that the line between pleasure and pain is a narrow one—and when caught between them the only thing that matters is how you play the game.
