Creative Collaboration

Vera John-Steiner

Creative Collaboration Vera John-Steiner

Rodin's sculpture "The Thinker" dominates our collective imagination as the purest representation of human inquiry--the lone, stoic thinker. But while the Western belief in individualism romanticizes this perception of the solitary creative process, the reality is that scientific and artistic forms emerge from the joint thinking, passionate conversations, emotional connections and shared struggles common in meaningful relationships. In *Creative Collaboration*, Vera John-Steiner offers rare and fascinating glimpses into the dynamic alliances from which some of our most important scholarly ideas, scientific theories and art forms are born. Within these pages we witness the creative process unfolding in the intimate relationships of Jean-Paul Sartre and Simone de Beauvoir, Henry Miller and Anais Nin, Marie and Pierre Curie, Martha Graham and Erick Hawkins, and Georgia O'Keeffe and Alfred Stieglitz; the productive partnerships of Pablo Picasso and Georges Braque, Albert Einstein and Marcel Grossmann, Aaron Copland and Leonard Bernstein, and Freeman Dyson and Richard Feynman; the familial collaborations of Thomas and Heinrich Mann, Hubert and Stuart Dreyfus, and Margaret Mead, Gregory Bateson and Mary Catherine Bateson; and the larger ensembles of The Guarneri String Quartet, Lee Strasburg, Harold Clurman and The Group Theater, and such feminist groups as The Stone Center and the authors of *Women's Ways of Knowing*. Many of these collaborators complemented each other, meshing different backgrounds and forms into fresh styles, while others completely transformed their fields. Here is a unique cultural and historical perspective on the creative process. Indeed, by delving into these complex collaborations, John-Steiner illustrates that the mind--rather than thriving on solitude--is clearly dependent upon the reflection, renewal and trust inherent in sustained human relationships. Here is a unique cultural and historical perspective on the creative process, and a compelling depiction of the associations that nurtured our most talented artists and thinkers. By delving into these complex, intimate collaborations, John-Steiner illustrates that the mind--rather than thriving on solitude--is clearly dependent upon the dialogue, renewal, and trust inherent in sustained human relationships.

From reader reviews:

Lou Marshall:

In this 21st century, people become competitive in each and every way. By being competitive now, people have to do something to make them survive, being in the middle of the actual crowded place and notice through surrounding. One thing that occasionally many people have underestimated it for a while is reading. Yes, by reading a publication your ability to survive improve then having chance to stay than other is high. To suit your needs who want to start reading the book, we give you this specific Creative Collaboration book as starter and daily reading publication. Why, because this book is usually more than just a book.

Sylvia Langley:

Information is provisions for folks to get better life, information today can get by anyone at everywhere. The information can be an expertise or any news even an issue. What people must be consider if those information which is inside the former life are challenging be find than now could be taking seriously which one is appropriate to believe or which one typically the resource are convinced. If you obtain the unstable resource then you buy it as your main information it will have huge disadvantage for you. All those possibilities will not happen inside you if you take Creative Collaboration as the daily resource information.

Paula Mayo:

In this time globalization it is important to someone to get information. The information will make anyone to understand the condition of the world. The condition of the world makes the information simpler to share. You can find a lot of personal references to get information example: internet, magazine, book, and soon. You can view that now, a lot of publisher that will print many kinds of book.
