You're about to discover what you need to know to get pregnant quickly in an easy to understand format. This book was written to help those who wish to conceive or may have been struggling to get pregnant but haven't yet been successful. Don't despair, there is hope. This book is the first step in the right direction. I've included everything I know both through research and through trial and error. As a parent I know how difficult it can be when you are doing every thing you should be doing to get pregnant and yet you are not getting pregnant. I've been there! Please let me share with you what I've learned. If you've been trying for a baby for some time now don't worry; it can sometimes take up to 6 months for couples under 35 to have a baby and up to a year for couples over 35 so don't worry about possibly having to run to your fertility doctor until then. Make this giant leap in your life extra meaningful by doing everything you need to do and doing it in the best way you can which includes taking care of your pregnancy before it even happens. Follow my simple tips and equip yourself with the arsenal of knowledge offered here and you should be expecting in no time! I wish you all the success in the world as you undertake this most rewarding experience. Remember... you can become pregnant, start a family and raise great kids and this book will help you do it!
