Though they were successful in stemming the tide against the initial outbreak of nameless threats, Sandstrom and his associates suffered grave losses. Now they are faced with once more trying to thwart the continued efforts of The Dark One and his servants. An attempt at acquiring a talisman of ancient dread results in death and a grisly find by rookie police officer, Timothy Erickson causing him to join the struggle against those who would end the reign of man on earth. Meanwhile the Pinkerton operative Deborah and the woman she protects, Elizabeth Howard, find that they are not as safe as they had hoped to be, secluded at the cabin of a blind preacher. What's even more terrifying for Elizabeth, she is apparently pregnant. Her problem is 'who is the father?' The disappearance of a drummer named Perez causes Dr. Phillips to try and locate him with unexpected results for him and his family, including his adopted son, James. Known then as Jimmy, he's the boy who survived the virtually incomprehensible attack that he believes claimed the life of his cousin Seth. With the unwavering help of Indian allies these disparate individuals fight to conquer their own fears and defeat mysterious enemies despite a mounting sense of fearful dread. But the odds against them are great and many unknown terrors await them at each and every turn of the haunted streets of Chaos.
