## **Milk (The Deem Cycle) (Volume 3)** Barry Tomkins

A voyage of discovery... Jennifer Prothero left Earth and a happy life in a rural commune to explore a space with two aliens. They travel in a ship taken from another alien species, the cruel Watermen, dreaded on planets everywhere, stealers of genetic samples, abusers of children. In the Milk, the celestial phenomenon that heralds the appearance of the Watermen, they find an artificial planet shrouded in mist that appears to be the Watermen's base of operations and a massive bioengineering project of mysterious design and purpose. What Jennifer and her companions Sill and Glider learn on this planet will challenge all they understand about the Watermen—and the future of the universe.
