The New Testament: A Historical Introduction to the Early Christian Writings Bart D. Ehrman

This new edition of Bart Ehrman's highly successful introduction approaches the New Testament from a consistently historical and comparative perspective, emphasizing the rich diversity of the earliest Christian literature. Rather than shying away from the critical problems presented by these books, Ehrman addresses the historical and literary challenges they pose and shows why scholars continue to argue over such significant issues as how the books of the New Testament came into being, what they mean, how they relate to contemporary Christian and non-Christian literature, and how they came to be collected into a canon of Scripture. Distinctive to this study is its emphasis on the historical, literary, and religious milieu of the Greco-Roman world, including early Judaism. As part of its historical orientation, this text also discusses works by other Christian writers who were roughly contemporary with the New Testament, such as the Gospel of Thomas, the Apocalypse of Peter, and the letters of Ignatius.

This second edition features expanded coverage of the historical Jesus, adds new boxes on various topics (e.g., women in the New Testament and alternative approaches to the historical Jesus), incorporates a twelve-page color photo essay on illuminated manuscripts, and includes several important organizational changes. Ideal for undergraduate and seminary classes in the New Testament, Biblical Studies, and Christian Origins, *The New Testament: A Historical Introduction to the Early Christian Writings*, Second Edition, is an accessible, clearly written introduction that encourages students to consider the historical issues surrounding these writings.
