Ghost Girl (The Infected Book 7) P. S. Power

The book that you've all been waiting for!

The Infected world is ready to *explode*.

Scott Chambers, the hero known as Prime to most of the world, along with Becky Young, who used to be known as Dharma before she took her own life, must work together to save them all. Against events so far out of their power class that it might be impossible.

An old enemy, and new friends appear, combined with more headaches than even the IPB normally has to deal with at one time.

Can Prime, the world's greatest super-hero, or at least it's most infamous, defeat the trap laid for them in time? Can he even survive it?

Possibly, but only if he can learn to accept help from a most unlikely source. A dead girl that he drove to suicide.
