## Homemade Pizza Recipes: Over 50 Recipes of Crusty, Cheesy Goodness (Snacks & Savory Bites)

Monique Lopez

Everyone loves pizza. No matter where you're from, just a single taste of the gooey stuff brings delight to all of us. It's interesting that that with only 4 basic elements, one thing can capture the hearts of so many. This book is not a straightforward recipe book with a list of ingredients and measurements that will tell you how to make a good pizza. Instead, it is to be used as a guidebook to help you to master the skills of creating each element of pizza making. Once you understand the fundamentals of pizza structure, you'll be able to create your own pizza creations without recipes. So rather than controlling your pizza making process with a basic paint by numbers type list of ingredients and step by step instructions, this book is there to assist you in making your own decision as to how your pizza will turn out.

## You'll learn the secret to:

- Creating the perfect dough
- Preparing the sauce
- Choosing the right cheeses and toppings
- 50 different pizza ideas to get your creative juices flowing

It is our hope that by the time you finish this small book, you'll be well on your way to starting your own pizza masterpiece.
