A Time of Perjury Miroslav Tudman

In this book the author uses irrefutable arguments to prove ... that Stjepan Mesi? gave a false testimony at the Hague Tribunal and that the untruths he told did not result from incompetence or ignorance, but were entirely conscious. Using credible documents and facts, Miroslav Tu?man proves that the second Croatian President, Stjepan Mesi?, is a double perjurer. He is a perjurer in court because he deliberately told lies. But he is also a perjurer as a politician and statesman – in contrast with the oath he took that he would abide by the Croatian Constitution and laws and contribute to the realization and protection of national interests. The book is written using scientific arguments, but is at the same time straightforward and easy to read as if it was a crime novel. Writing for both scientists and laymen, the author comprehensibly presents the whole truth and exposes the facts behind the so called De-Tudjmanization and why perjurers are those who are valued in Croatia, rather than people who are telling the truth, fighting for the truth and acting on the basis of truth, regardless of whether it brings them personal gain or loss. Excerpt from the book review by prof. Zdravko Tomac
