Tiffany is torn between her ex and her current. The only thing she and her ex have to hold on to is time. Her current, is everything she's ever wanted in a man, she just can't let go of her past. Now faced with an ultimatum, she uses the powers of a menage to help make her decision.

When both men agree, her plan is set into motion. But, when trying to decide if her ex and their baggage is worth another shot, or if she's ready to move on with another man, Tiffany gets more than what she's bargained for. The decision she should make, then becomes very clear, it's just a hard one to swallow.

When you've been in a relationship for too many years, with more downs than ups, you start to question everything. Especially when the people you've know the longest, aren't who they portray to be?
