This historical survey of Central Europe covers a region that encompasses contemporary Germany, Poland, the Czech Republic, Slovakia, Austria, Hungary, Slovenia, and Croatia. Author Lonnie R. Johnson illuminates the competing religious, cultural, economic, national, and ideological interests that have driven the history of Central Europe in the past millennium. Each chapter is thematically organized around issues or events that are key to developing an appreciation for the historical and political dynamics of the region, particularly in the nineteenth and twentieth centuries. This third edition also contains a new concluding chapter and epilogue and several redesigned and updated maps.
