Estados Unidos: La historia (Spanish Edition) Paul Johnson

This reinterpretation of American history, from the first settlements to the Clinton administration, covers every aspect of United States history: politics, business, economics, art, literature, science, society, customs, and religious beliefs. The story is told through the lives and stories of the men and women who led the nation, and the ordinary people who collectively created its unique character.

Esta interpretación de la historia de los Estados Unidos y de su pueblo es una obra provocativa que se presta a la polémica. Desde sus frágiles orígenes, pasando por las luchas por la independencia y por la difícil asimilación de la esclavitud, hasta su explosivo crecimiento económico y su emergencia como superpotencia mundial, éste es un retrato profundo de un pueblo cuyo peso en la historia mundial y en la actualidad es innegable.
