Sacred Vow CG Walters

Sacred Vow is a metaphysical novel about a man who responds to the mysterious call of a woman, opening the way to redefinition of both himself and his understanding of the world around him. He takes his first steps on a journey to accept the world around him as a place to live, not simply a place to survive day-to-day. Sacred Vow is both a narrative and the means for the author to communicate a positive message about life and fully integrating the most into each moment. Highly recommended-Midwest Book Review

Can the wind of a butterfly's wing effect climate on the other side of the world? Can the love of two souls heal a great wrong in the universe? C.G. Walters' novel "Sacred Vow," offers compelling thought to consider, and a page turning delight to cherish.

Ian Sarin enjoys his cup of tea but lately the ritual of it brings other delights. Visions of a woman play out in his perception, beckoning further visitation. Everything in the room must be just so, with teapot, caned chair, and Ian in place. He cannot hear her speak, but can see her mouthing words, sharing her life. Is this just a vision or is it something else? His reality soon becomes less important than the alternate one that he visits. Ian's health becomes affected and soon he needs help. While visiting an old friend in the mountains, he is introduced to Djalma, an interesting man whose presence comes into play in a large way. He will interact in Ian's life in ways he couldn't have imagined. The visions of Katerina become more intense and play out like episodes of a movie he has seen before. The question so important... why are the visits happening? The answer awaits on a scrap of paper that Ian had tucked away, a remnant of a dream, years before. He was chosen for this...but what exactly is this?

Reincarnation, collective consciousness, and life purpose all play large roles in this book. It is a deeply thoughtful and provocative tale that I could not put down. I so enjoyed the read that I simultaneously couldn't wait to get to the last page but also dreaded it ending. The author evokes a great understanding of these topics and the mysteries of the universe, yet shares his perceptions in a wonderfully easy to comprehend tone. Readers will come away wonder-filled and satisfied to have read "Sacred Vow." Reviewed by Heather Froeschl, Spiritual Fiction Review
