The Deadliest Game: A Novel

Hal Ross

The Deadliest Game: A Novel Hal Ross

The Deadliest Game weaves a horrifying and unthinkable tale of a terrorist plot against U.S. consumers using a toy company and the owner as the key to the plot's success. Blair Mulligan—divorced and still obsessing about it—is a thirty-five-year-old executive in the toy industry who wants nothing more than to achieve success with a brand new electronic gaming system that has the potential to revolutionize his business. However, a sinister force is at play, a force that threatens to wreak havoc across the United States. Blair's six-year-old daughter is used as a pawn, and he must make the one decision no father should ever have to make; to save his daughter or the lives of several thousand other children.
