Good -vs- Evil: The "Fine Line" Between Right And Wrong Michael Fleming

Exploring the difference between right and wrong, or "good versus evil."

The law of the state of nature claims that "you can do whatever you like, as long as you do not harm any other living being."

This book does not explain what is "right and wrong," but rather distinguishes the difference between the two; with one simple rule for every action: motivation. Motivation behind every action distinguishes "mistake" from "intentional wrong-doing."

Humans make mistakes. Criminals make crimes.
