Christopher P. Crum MD, Michelle S. Hirsch MD PhD, William A. Peters III MD, Charles M. Quick MD, Anna R. Laury MD

**Gynecologic and Obstetric Pathology: A Volume in the High Yield Pathology Series, 1e** Christopher P. Crum MD, Michelle S. Hirsch MD PhD, William A. Peters III MD, Charles M. Quick MD, Anna R. Laury MD

Part of the growing *High-Yield Pathology Series*, **Gynecologic and Obstetric Pathology** is designed to help you **review the key features** of ob/gyn specimens, **recognize the classic look of each disease**, and **quickly confirm your diagnosis**. Authors Christopher Crum, MD, Michelle S. Hirsch, MD, PhD, and William Peters III, MD, incorporate a logical format, excellent color photographs, concise bulleted text, and authoritative content to help you accurately identify hundreds of discrete disease entities affecting the female reproductive tract.

*"A useful slide atlas type book for OB/GYN pathology diagnosis."* **PathLab, July 2015**

- **Find information quickly and easily** with a templated, easy-to-reference format.
- **Confirm your diagnoses** with more than 1,000 superb color photographs that demonstrate the classic appearance of each disease.
- **Find the answers you need fast** with concise, bulleted text covering clinical description, etiology, pathology (gross and microscopic), differential diagnosis, ancillary diagnosis techniques, and prognosis.
- **Depend on authoritative information** from leading experts in the field.
- **Access the full text and illustrations online**; use PathologyConsult, an innovative **differential diagnosis tool**; perform **quick searches**; and **download images** - all at **Expert Consult**.

**From reader reviews:**

**Shellie Toy:**

Reading a book tends to be new life style in this era globalization. With reading you can get a lot of information that could give you benefit in your life. Along with book everyone in this world can easily share their idea. Ebooks can also inspire a lot of people. Plenty of author can inspire their particular reader with their story or their experience. Not only the storyplot that share in the publications. But also they write about the knowledge about something that you need example. How to get the good score toefl, or how to teach children, there are many kinds of book which exist now. The authors on this planet always try to improve their skill in writing, they also doing some analysis before they write with their book. One of them is this Gynecologic and Obstetric Pathology: A Volume in the High Yield Pathology Series, 1e.

**Shirley Davenport:**

Why? Because this Gynecologic and Obstetric Pathology: A Volume in the High Yield Pathology Series, 1e is an unordinary book that the inside of the e-book waiting for you to snap that but latter it will distress you with the secret this inside. Reading this book close to it was fantastic author who write the book in such incredible way makes the content on the inside easier to understand, entertaining technique but still convey the meaning totally. So , it is good for you for not hesitating having this any more or you going to regret it. This phenomenal book will give you a lot of gains than the other book include such as help improving your proficiency and your critical thinking method. So , still want to hold up having that book? If I ended up you I will go to the e-book store hurriedly.

**Dennis Bales:**
