LIAISONS is an innovative beginning-level French program firmly grounded in principles of communicative language teaching and research in second language acquisition. Components of the program are carefully linked together, showing students how they can make connections with their classmates, their instructor, their community, and the French-speaking world. With an engaging mystery film shot on location in Montreal, Quebec, and Paris, the program provides a rich array of communicative activities designed to stimulate interaction inside and outside the classroom. The underlying pedagogical framework in LIAISONS asks students to first discover new vocabulary and grammar through different mediums, then connect form and meaning through a set of confidence-building activities, and finally, actively create language.
