## **Keywords in Subversive Film / Media Aesthetics Robert Stam**

"Keywords" offers a conversational journey through the overlying terrains of politically engaged art and artistically engaged politics, combining a major statement on subversive aesthetics, a survey of radical film strategies, and a lexicon of over a thousand terms and concepts. No other book combines an ambitious essay on radical politics and aesthetics in film with a lexicon of terms and ideas, many of which are new and innovative. Creates and illustrates over a thousand terms and concepts, drawing its examples from a wide range of media. Provides a broad timespan, covering the very ancient (Ramayana, Aristotle) to the most current (digital mashups, memes). Uniquely discusses the areas of film, television and the internet within one book. No other book combines an ambitious essay on radical politics and aesthetics in film with a lexicon of terms and ideas, many of which are new and innovative.
