MARY UNTIER OF KNOTS POPE FRANCIS

Our Lady Untier of Knots

The painting, executed in the Baroque style by Johann Georg M

Our Lady Untier of Knots

The painting, executed in the Baroque style by Johann Georg Melchior Schmidtner (1625 – 1707), shows the Blessed Virgin Mary standing on the crescent moon (the usual way of depicting Mary under her title of the Immaculate Conception), surrounded by angels and with the Holy Spirit Dove hovering above her circle of stars as she unties knots into a long strip and at the same time rests her foot on the head of a "knotted" snake

Pope Francis saw the image while in Germany as a student and promoted her veneration in Latin America. Rem is credited with the Marian devotion of Mary Untier of Knots. In 1612 the nobleman Wolfgang Langenmantel (1568-1637) came to Ingolstadt to seek Rem's advice about his marriage, which was on the verge of breakdown. He met with Rem four times. On the last visit, after Rem had been praying in front of the painting of Our Lady of the Snows, Rem took Wolfgang's wedding ribbon and solemnly untied the wedding knots, smoothing out the ribbon, which became intensely white. felt that this symbolized the solution of his marital problems,

OUR LADY VICTORY

REFLECTIONS

Originally dedicated to l'Enfant Jésus, it received the name Notre-Dame-de-la-Victoire following the Battle of Quebec of 1690, in which an English expedition commanded by William Phips was forced to retreat. In 1711, its name was changed again, to Notre-Dame-des-Victoires, after bad weather had sunk a British fleet commanded by Hovenden Walker.

Our Lady of Mount Carmel is the title given to the Blessed Virgin Mary in her role as patroness of the Carmelite Order. The first Carmelites were Christian hermits living on Mount Carmel in the Holy Land during the late 12th and early to mid 13th centuries. They built a chapel in the midst of their hermitages which they dedicated to the Blessed Virgin, whom they conceived of in chivalric terms as the "Lady of the place." Our Lady of Mt. Carmel is the patron saint of Chile.

The Feast of Our Lady of Mount Carmel is known to many Catholic faithful as the "scapular feast," associated with the Brown Scapular of Our Lady of Mount Carmel, a devotional sacramental signifying the wearer's consecration to Mary and affiliation with the Carmelite Order was nevertheless uncritically embraced by many promoters of the scapular devotion. 16 July being the date of the Feast of Our Lady of Mount Carmel) subsequently led to a strong association between this feast day, and the scapular devotion, and in the intervening years until the late 1970s, this association with the scapular was also reflected in the liturgy for that day

The first atomic bomb was exploded at the Trinity test site on July 16, 1945, near Alamogordo, New Mexico. The coincidence between this date and the Feast of Our Lady of Mount Carmel has led to a close association between the Catholic anti-war movement and this feast. In 1990, the Rev. Emmanuel Charles McCarthy, a priest of the Eastern Rite (Byzantine-Melkite) of the Catholic Church, initiated the July 16 Twenty-Four

Hours Day of Prayer for Forgiveness and Protection with Our Lady of Mount Carmel at Trinity Site in the New Mexico desert.
