**He took me from the mob, and now he's going to keep me.** Travis Rock is rough, ripped, and so deadly. He's a bad boy Navy SEAL, and he wants to save me. When the economy went bad, my father took a loan from the mafia to keep our farm running. Now they want their money back, and it's up to me to try and get my family out of debt. But when they want me to do more than just work, I have to try and get away or else end up selling my body to the highest bidder. That's how I first met Travis. He took me from the mob and offered me his protection. **It was supposed to last just one night. I'd let him have his way and then we'd be done.** But now the mafia wants us both dead, and he's playing a dangerous game. I don't want to be owned by another man, but Travis isn't letting me get away. I need him to keep me safe, but he might destroy me in the process. I'm afraid that if I give into his intense body, I'll be completely lost forever.
