At age 6 we discovered that I had been exposed to heavy metals from my environment including tooth fillings. I became very sick, and almost died. It got worse and worse as the years went by. A part of my brain was damaged, the cerebellum. It left me tone deaf & my walking was affected among other things. I went through some really tough times, and spent a lot of days sick in bed. It is by my faith in a loving God and the love and care of my family that gave me the strength to overcome. Now, 29 years later, I am going strong.

This eBook is put together to help you know, and have a deeper understanding of the Love of God, and to help you draw closer to Him. In this book I share my special encounters with God and how you, too, can experience them when you believe. You can experience the love and comfort of God. God wants to be your friend: He doesn't need you to be his servant – He's got numerous Angels to do that job- He needs you to be His son or daughter. Get closer to your God now, and watch Him prosper you spirit, soul and body.
