## **Pacific Coast Crabs and Shrimps** Gregory C. Jensen

This is the first Pacific Coast full-color field guide for this important group of animals. It describes 163 species of crabs, shrimps and lobsters that occur in the nearshore waters from Alaska to Northern Baja California. The narrative for each species includes the identification, size, geographic range and habitat, as well as natural history notes on molting, reproduction, larval development and ecology. Also included are pictorial keys, glossary, index and suggested references.
