# Photovoltaics for Commercial and Utilities Power Generation

Anco S. Blazev

**Photovoltaics for Commercial and Utilities Power Generation** Anco S. Blazev

**Photovoltaics for Commercial and Utilities Power Generation** is an in-depth technical review of the present day state-of-the-art of the PV industry, focusing on: product design, materials, manufacturing, testing and quality; as well as the political and regulatory aspects, field performance and environmental impact of different localities, projects and PV technologies.

The major issues plaguing the solar industry are thoroughly analyzed with the ultimate goal of bringing PV technologies to acceptable level of efficient, reliable and cost-effective operation in large scale PV power plants in the US and abroad.
