Deep South: Discovering My True Sexuality Jody Dixon

Jody Dixon was born when the 20th century was thirty years old, but it could have been the mid-19th century for all the impact the intervening years had had on how things were seen and done in rural Georgia. Daddy bred prize bulls, Mother ruled the family's store, and the farm hands and customers were just one generation removed from slavery. Jody's values were those of the Old South, where men behaved in manly ways and might sooner desecrate a church than admit a sexual attraction to one of their own gender. At every step of the way from farm boy to college grad to married family man and prosperous businessman Jody did all that was expected of a southern gentleman. No one ever suspected the perennial doubts that plagued him; no one knew his relentless questions about who he really was. Not until he had reached the age of seventy could Jody finally admit to himself and the world that he was a man who loved men.
