Second chances New beginnings We all would like to have them at some point in our lives. Being plagued with the ‘what if I had done it differently?’ thoughts and doubts is as normal and natural as breathing. And sometimes we grow and change and finally feel strong enough, confident enough to go after what we want. For the men in Black Ops Heroes, some new, some familiar, these new beginnings and second chances are not something to be taken lightly. These men savor them, bask in them. They grab on to them and never, ever let go. First kisses, gentle touches, whispered words that are heard and taken to heart, apologies spoken, forgiveness silently given drive these men to the love that they so desperately crave. Because to them, these second chances and new beginnings are everything. But are they enough? This is an adult M/M romance with male/male sex. It mentions PTSD, has light BDSM and mentions of past sexual abuse and trauma. It may contain triggers for some. It has HEA (happily ever after) for the main characters in this book but introduces new characters that will be further explored in future books that some may consider that a cliffhanger.
