## **The Source - Eternal Design or Infinite Accident (Does God Exist? Meeting the Doubts and Problems of Belief) John N. Clayton**

"It is not the intent of the author that this book be another effort at Christian Evidence. It is intended that this book be a functional part of an overall effort by the author and a team of other individuals to meet the doubts and problems of belief that many people have in today's world. It is the author's contention that a person does not need to leave his or her brains at home to be a Christian. We can intelligently and academically believe in God. Chapters cover: 1) The Existence of God 2) The Cosmos and Creation as Proof of God's Existence 3) The Design of Planet Earth 4) The Anthropic Principle 5) Design as Evidenced in Life 6) What is God 7) What is Man? 8) The Origin of Satan and The Purpose of Man 9) Which God Should we Serve? 10) The Logic of the Church 11) Biblical Geology 12) The Bible and Man's Concept of Time 13) The Biological Problem of Evolution 14) The Geological Solution to the Problem of Evolution 15) Of Cavemen and Cave Apes 16) Adam and Neanderthal 17) Conclusion."
