## **The Ancient Black Hebrews Vol II: The Forensic Proof Simply Explained** Gert Muller

In this volume Gert Muller excels himself by simply explaining the forensic proof of the Old Testament Hebrews being Black. He shows you in plain English how forensic anthropologists determine Black racial ancestry in a skeleton. He then shows you those same characteristics in the skeletons excavated in Israel that date back to the Biblical period. He ends it off with a number of pictures which show the same characteristics in Jews of the Christian period. Wonderfully illustrated. It settles the question once and for all!
