Commit (Discipline Book 2) P.S. Power

There is power in being totally committed to anything. Ben Epson is learning that lesson personally. After throwing in with an anti-government rebellion that probably won't work, he's been changed. Altered to be stronger, faster, intensely psychic and more than a little insane.

Now it seems that he's not the only one that's going to have to deal with that, since the whole world seems to be going mad around him, as terrorist that don't appear to be from the local area are trying to kill them all.

Everyone in the entire world.
