**Trends and Applications in Software Engineering: Proceedings of the 4th International Conference on Software Process Improvement CIMPS'2015 (Advances in Intelligent Systems and Computing)**

This book contains a selection of papers from The 2015 International Conference on Software Process Improvement (CIMPS' 15), held between the 28th and 30th of October in Mazatlán, Sinaloa, México. The CIMPS' 15 is a global forum for researchers and practitioners that present and discuss the most recent innovations, trends, results, experiences and concerns in the several perspectives of Software Engineering with clear relationship but not limited to software processes, Security in Information and Communication Technology and Big Data Field.

The main topics covered are: Organizational Models, Standards and Methodologies, Knowledge Management, Software Systems, Applications and Tools, Information and Communication Technologies and Processes in non-software domains (Mining, automotive, aerospace, business, health care, manufacturing, etc.) with a demonstrated relationship to software process challenges.

### **From reader reviews:**

#### **Rosemary Taylor:**

Do you have favorite book? If you have, what is your favorite's book? E-book is very important thing for us to know everything in the world. Each publication has different aim or even goal; it means that reserve has different type. Some people really feel enjoy to spend their time to read a book. They may be reading whatever they get because their hobby will be reading a book. What about the person who don't like looking at a book? Sometime, individual feel need book once they found difficult problem or even exercise. Well, probably you will need this Trends and Applications in Software Engineering: Proceedings of the 4th International Conference on Software Process Improvement CIMPS'2015 (Advances in Intelligent Systems and Computing).

#### **Charles McCreery:**

What do you in relation to book? It is not important along? Or just adding material if you want something to explain what the one you have problem? How about your extra time? Or are you busy individual? If you don't have spare time to do others business, it is make one feel bored faster. And you have time? What did you do? All people has many questions above. They have to answer that question simply because just their can do in which. It said that about book. Book is familiar in each person. Yes, it is right. Because start from on guardería until university need this kind of Trends and Applications in Software Engineering: Proceedings of the 4th International Conference on Software Process Improvement CIMPS'2015 (Advances in Intelligent Systems and Computing) to read.

#### **Flora Gordon:**

Often the book Trends and Applications in Software Engineering: Proceedings of the 4th International Conference on Software Process Improvement CIMPS'2015 (Advances in Intelligent Systems and Computing) will bring you to definitely the new experience of reading a book. The author style to clarify the idea is very unique. In case you try to find new book to see, this book very ideal to you. The book Trends and Applications in Software Engineering: Proceedings of the 4th International Conference on Software Process Improvement CIMPS'2015 (Advances in Intelligent Systems and Computing) is much recommended to you to learn. You can also get the e-book from official web site, so you can quicker to read the book.

#### **Kristin Saylor:**

Is it you who having spare time subsequently spend it whole day simply by watching television programs or just lying down on the bed? Do you need something totally new? This Trends and Applications in Software Engineering: Proceedings of the 4th International Conference on Software Process Improvement CIMPS'2015 (Advances in Intelligent Systems and Computing) can be the answer, oh how comes? A book you know. You are so out of date, spending your spare time by reading in this new era is common not a geek

activity. So what these textbooks have than the others?
