ON COURSE: STRATEGIES FOR CREATING SUCCESS IN COLLEGE AND IN LIFE empowers students with the tools they need to take charge of their academic and lifelong success. Through distinctive guided journal entries, Skip Downing encourages students to explore and develop their personal responsibility, self-motivation, interdependence, and self-esteem, and to make wise choices that create successful results. "Wise Choices in College" sections in each chapter help students develop the study skills they need to excel in their other courses. The 7th edition features expanded coverage of diversity, emphasizing the many ways in which people are different and how these differences often influence the choices they make. Other new topics include a discussion of academic integrity, how to thrive in the college culture, and a research-based section on the importance of developing a growth mindset. Plus, a new Annotated Instructors Edition guides instructors to relevant exercises and materials in the ON COURSE FACILITATOR'S MANUAL.
