Evolution of the Dead R M Smith

Since the beginning of time, an unknown life-form has been trapped inside every single human cell. Nature blocked it, denied its growth, denied its life. Now, in a small lab, two scientists have stumbled upon this odd anomaly. One scientist believes that this is what human life should have evolved into; and that normal human life was a mistake. The scientist's colleague, greedy, set on self gain, allows the abnormality to be cut loose. This sets off a string of events allowing the living infestation to ravage life as we know it, taking revenge on human kind for being locked inside a cell for eons. Set in current day Orlando, Florida, before the long Fourth of July weekend, the Evolution of the Dead begins.
